

Vicem Yachts to Help Reintroduce the Golden Era of Yachting With the New Trumpy 63

Trumpy Family Chooses Vicem Yachts to Reestablish Its Name on the Waters

FORT LAUDERDALE, FL (March 26, 2009) --- For classic yacht enthusiasts, the Trumpy name is synonymous with a “timeless masterpiece.” The same is being said of the classic style motor yachts being produced by Vicem Yachts, an innovative, niche yacht builder based in Istanbul, Turkey which has been impressing yachting circles with its handcrafted luxury vessels. It only makes perfect sense that Trumpy has chosen to collaborate with Vicem in the long-awaited production of a new line of Trumpy® Yachts, starting with the Trumpy 63 Flush Deck Motor Yacht.

“Trumpy yachts have long been the standard for the classic motor yachts that are associated with the ‘Golden Era’ of yachting. It’s a standard that we aim for and embody with every Vicem yacht that’s built,” said Michael Landsberg, President of Vicem Yachts USA. “We are both honored and excited about this opportunity to help reintroduce the Trumpy name to the yachting market. We look forward to enhancing the philosophy of master craftsmanship and unparalleled attention to detail and artistry that both companies hold dear. And this Trumpy will further illustrate the advancements in engineering, design and construction that make Vicems so appealing and popular among yacht enthusiasts.”

The Trumpy 63 Flush Deck is designed from original Trumpy drawings, with Vicem bringing to the project its excellence in cold-molded construction, its relationships with leading suppliers of state-of-the-art equipment and systems, and an experienced team on the design and production sides of the manufacturing process. The new Trumpy will be improved with modern yachts systems, equipment and accessories such as:

- Impra bow thrusters
- LED lighting throughout
- Techma heads
- Raymarine complete navigation systems
- Viking and Sub-Zero appliances

- continued -

-2- Vicem Yachts to Help Build New Trumpy® 63 Flush Deck Motor Yacht

The construction and delivery of each new Trumpy, beginning with the 63 Flush Deck, will be overseen by Johan Trumpy, grandson of the company founder John Trumpy. He commented, "I recently had the opportunity to spend the day with the owner of Vicem Yachts on his new 92 motor yacht. His dedication to quality and craftsmanship will allow us to deliver the new Trumpy to a standard that more than complements our reputation."

The Trumpy 63 Flush Deck Motor Yacht will begin production early spring of 2009 and its base price will be \$2.93M.
